Activities / trades carried out by our Company and in particular those elements carried out by our own direct employed labour (i.e. not sub-let).

- Planning, Management and Supervision of Lifting Operations. Conducted by CPCS qualified Appointed Persons (Lifting Operations) and/or Qualified Crane Lifting Operations Supervisors.
- Supply of Mobile Telescopic Cranes from 30-500 tonnes lifting capacity and associated transport, ancillaries/accessories and manpower.
Mobile Tower Cranes 3, 4, 5 and 6 axle. UNIC Spider Cranes with Operator or self-drive operate.
- Equipment can be supplied under CPA Terms and Conditions or on a Contract Lift basis.
- Training Provider and CITB/CPCS Testing Provider for CPCS for Categories A40 Slinger/Signaller, A60 Mobile Crane, A61 Appointed Person, A62 Crane Operations Supervisor - Centre Number 9334
- Due to the nature of our business work is not normally sub-let, however, in extreme circumstances, it may be necessary that cranes are “cross hired” from other reputable Companies which are members of C.P.A to ensure that customer requirements are met within dead lines.
- Bronzeshield Lifting Limited has been trading since 1986 and has not traded under any other previous name.

Processes, Systems and Knowledge:

- All Management, Planning and Administration Staff have access to Information Technology,
All staff are trained and competent to operate within their various fields.

Project Programming: (Programming Techniques / Applications that can be operated)

- Crane Hire/ Allocation is programmed manually on a daily basis and transferred to electronic data base ‘SYRINX’.
- Programmes operated include: Microsoft word, excel, power point, auto route and CAD.

Information Management:

- The type and level of access to programmes, soft ware and files is dictated by operational requirement and/or position held within the company structure.

Design Management – we employ CAD facilities

- Auto CAD Systems are used to design Lift Plans and associated drawings.
- LICON and Cranimation programmes are used to calculate outrigger loads for specific crane configurations
- All Lifting Operations are Planned, Appropriately Supervised and Conducted in a Safe Manner.
- All Cranes and Lifting Accessories will be supplied complete with in-date certification as required by LOLER and BS7121. Operatives will be in possession of in-date CPCS card endorsed with appropriate categories.
- Bronzeshield Lifting believe in Continuous Improvement. The quality of service and standard of equipment provided is constantly monitored through the review of recorded customer and operator comments provided. The Examination, Testing and Inspection of equipment and accessories ensure conformity.
- In recognition of the Company's high Quality Systems and Standards we have been awarded the following Certification via Audit:

ISO 9001:2008	Certificate No. FS509509
LINK-UP / ACHILLES	Supplier No: 093144
TIVA/EXOR	Registration No. 37867 – Status Gold
SSIP WORK SAFE CONTRACTOR	Certificate No. 41977
SSIP WORK SAFE CONSULTANT	Certificate No. 41977
FORS BRONZE	FORS ID NO. 000961
BUILDERS PROFILE	Premium Member 20572

- The Company has a CITB Approved Training Plan in place to ensure all Company Personnel receive upto date information and/or training as required. Furthermore, to improve and enhance the quality of the services we are able to provide, Bronzeshield Lifting has replaced a large proportion of its Crane Fleet with new machines and introduced additional new types of cranes, for example Liebherr LTM1500 500tonne Mobile Telescopic Crane, Spierings Mobile Tower Cranes and UNIC Spider Cranes

A summary of our Company's training initiatives.

- As a direct result of a review of the Company's training initiatives in 2004, conducted by the Managing Director and the Company Board of Directors, it was decided that Bronzeshield Lifting Ltd apply for Accreditation through City & Guilds / CITB to be recognised as a Training and Testing Provider for CPCS qualifications. In 2005 Accreditation was obtained through the Awarding Bodies and Bronzeshield was Registered as a Training Provider, Centre Number 9334, delivering a wide range of Training and Assessment for subjects associated with Lifting Operations, due to changes implemented in 2008 by CITB/CPCS and following an extensive and comprehensive Audit our Training Centre was awarded CPCS Test Centre Status – CPCS Test Centre no. 9334. Training is available at our dedicated Centres in Kent or at your own premises. A Training Plan is in place and is reviewed regularly to establish the requirements for all our Operatives.
- Any Specialist Training / Accreditation requirements which do not fall within our area of expertise eg: PTS, First Aid etc, is out sourced to Accredited Providers.
